Alumni from all decades love supporting Knox as volunteers.

When I Volunteer, I AM INVESTING IN THE WORLD.

“Volunteering actively keeps me connected to Knox. I love watching how students and alumni are 'figuring things out' as they learn and grow in their classes and careers. I am an advocate for internships and career workshops that provide students with opportunities to explore career paths. Future Knox generations are pioneers and investing in them invests in me too.”

J. William Budding '13

New England Knox Club Leader & Member of Alumni Council
